

Trainee IT Business Analyst - IPV

In Commerzbank Digital Technology Centre Prague, we are transforming a traditional bank into a digital agile enterprise! We provide a wide range of various IT solutions, .Net and Java development, services in the area of application operation and infrastructure.

We are looking for thinkers with unconventional ideas and in return, we offer the freedom to create own job with own vision, wide range of benefits including home office. Sounds interesting?

Shape the future of banking with us!

Note: Dear candidates, we are currently doing interviews via e-tools (audio/video conferencing)

As a trainee IT Business Analyst in our IPV Platform team you will participate in software analysis, design and other phases of software development lifecycle. You will cooperate with other business analysts, developers, testers and business colleagues on daily basis. Even though we are the big international company we offer friendly environment with the stability of the big corporate.

During your 18 months program, you will experience work in our agile teams both on IT and business side and you will gain a thorough understanding of Independent Price Verification (ensuring the correct valuation of fair-value instruments for end of day and end of month accounting statements) and Market Conformity Check (checking that new trades done by Commerzbank were traded at market levels). Furthermore, you will have the opportunity to get insight into selected other bank departments, such as various front office functions. You will enjoy several rotations in different teams, some of them might be in Frankfurt and/or London.

You would work primarily on applications for Independent price verification (IPV), in the IPV platform cell of Valuations / Market & Liquidity Risk cluster, key area Group Risk Management – Risk Control. You would be a part of a development team of roughly 15 people working in Prague, cooperating with our business users (employees of

Commerzbank) in Prague, Frankfurt and London. Thus, ability to communicate in English (both written and verbal) is necessary, German is not required.

Being part of our selected Graduate Class of 2021, you will build your own network within Risk Control and other bank functions beginning on day one. In your team head and an additional manager-level sponsor you will find two experienced mentors who will guide you through the whole program.

In a nutshell, joining us will enable you to gain a deep understanding of our businesses and financial markets as well as IT development but will also give you enough flexibility to learn more about other Commerzbank functions outside of Group Risk Management – Risk Control.

What would you be doing as a IT Business Analyst:

- Supporting business users with the business case / initiation
- Process analysis
- Collecting requirements
- Design and functional/technical specification
- Support during other phases of delivery lifecycle – implementation, testing and go-live
- Defect analysis

Profile:

- Master's degree in quantitative economics, financial engineering or similar mathematical / statistical programme
- Max 12 months after finishing your university studies
- Good analytical skills, logical approach to issue resolution, able to break down a problem into its component parts
- Knowledge of basic financial instruments and their valuation principles
- Interest to take part in software development and learn new things
- Strong communication skills and team spirit
- Experience using Microsoft Office esp. Excel; Access is a plus
- Basic knowledge of SQL for the purpose of data analysis

- Basic programming knowledge is a plus
- English at least on B2 level

We offer:

- A friendly, inclusive and open-minded company culture
- A competitive salary with a very decent annual bonus system
- A sophisticated program of further professional training and personal growth
- Home office, flexible working hours and an enjoyable relax corner where you can recharge your batteries
- Attractive fringe benefits incl. up to 30 days of vacation, paid sick leaves and sponsored public transport
- Modern offices in Karlovo náměstí, amazing multicultural colleagues and so much more!
